

# NATURAL DISASTER RELIEF

## HAITI & PAKISTAN

○ January 12, 2010—A magnitude 7.0 earthquake struck 16 miles west of Port-au-Prince, Haiti. 3 Million people were affected. 230,000 died. 1 million people were made homeless.

○ Our relief efforts are to rebuild homes for refugees displaced by the earthquakes.

○ August 2010— Flooding in Pakistan destroyed 800,000 houses leaving 4million people homeless

○ The refugees of these catastrophes are particularly vulnerable to water & airborne illnesses and exploitation due to lack of sanitation, exposure to the elements and the increase of crimes.
